FAQ

What we require before starting your project?

When you get our services, we will send you a form to fill with all of the requirements we need.

What type of social media posts are included?

Our posting service is meant for maintenance style social media posts. They can include images, GIF's and industry specific trending news. These are not custom graphics with your services or products. They are also not branded with your logos and colors. But in case you want to upload them contact us to give you a special price for you. This service is perfect for any industry/client that wants to keep their social media pages up-to-date with quality content on a monthly basis.

What is a social media Channel?

A social media channel is a social media website. For example, Facebook is one social media channel. Twitter is another, and so one.

Are custom graphics included when building out the social media channel?

No, if you don't not have any social media channels built, we will build them and upload stock photography, or you can provide us will logos and photos to use.

Can I pick which social media channels I want posted to?

Yes, based on the plan you choose, you can select either 1 or 3 social media channels for us to post to. You can choose from Facebook, Twitter, Pinterest or LinkedIn. (If you want another contact us first).

If I cancel the service, do I get to keep the social media channels?

Yes, of course! You will get to keep all the social media channels we create for you, if we created them and were ever given access to you.

Will I have access to the ad accounts while you work on them?

Yes, for sure! We will need to be added into your Facebook Business Manager account so, the access will remain at your side. We will instruct you how to do it.

Will I get reports from your services?

Yes of course, you will receive a monthly report.

How long does it take to start ranking with my SEO service?

Every campaign is different, and some keywords have more search volume than others, which means they are more competitive and harder to rank for. But usually it takes from 3-6 months to start seeing rankings for competitive keywords. CAUTION if someone tells, you will get immediate results, it's not possible.

Will the SEO Setup take a month?

Yes, the initial SEO setup process will take place on the first month. On the second month and every recurring month after that, regular SEO monthly optimizations.

What kind of content do you write every month at SEO?

We give three different options you can choose from, but we'll recommend what's best for SEO purposes based on the industry. You can choose from location pages, service pages or blogs.

Will you create a Google map listing?

Yes, our team will create, verify, optimize and get approval for your's Google business listing. This service is only available for USA clients.
